

Forensics: Tournament of Champions

This past weekend Kim Austin, Carely Sullins-Herman & TJ Thomas represented Palo Verde High School at the National Individual Events Tournament of Champions. It is the first time Palo Verde students have ever qualified and they were the only ones representing the state of Nevada. All students competing are the state champions in each event, so it is really the creme of the crop competing. Kim Austin moved onto quarterfinals in Humorous and placed in the top 20 in the nation in Humorous Interpretation.
