PARENTLINK MESSAGE:

Dear Parent/Guardian and Student:

June 1, 2010

Listed above are the tentative classes scheduled for the 2010-2011 school year. These classes were selected from preregistration information gathered from two sources: 1) preregistration worksheet, and 2) your son's/daughter's conference with the school counselor.

During preregistration, your student selected elective classes and alternates for the 2010-2011 school year. The alternates were used in the case of scheduling conflicts or closed classes. Please be aware that Palo Verde High School prescriptively schedules students in the academic classes based upon teacher recommendations and previous grades. Students may not have the electives that they chose as electives are assigned by grade level with seniors getting priority.
