September 10, 2011

Dear Parents/Guardians;

Congratulations! After two days of intense tryouts, your cadet has been selected to participate in our Drill & Leadership Special Teams Class! In order to switch your cadet's schedule and get them into the class, the counselors request you complete the bottom of this letter and then have your cadet bring it with them on Monday, 12 SEP 11.

The following information is provided to help you in deciding which option would be best for your cadet:

1. Grades are the most important part of school. If your cadet receives an 'F' or 'U' in **ANY** of their Palo Verde classes, they will be removed from their Drill & Leadership Team.

2. If your cadet elects to be in our 6^{th}-Period class, they will lose their elective choice for this year.

3. If your cadet elects to be in our 7^{th}-Period Late Bird Class (1421 to 1513), you are responsible for their transportation home.

We look forward to working with your cadet and the many experiences they will have as a member of our Special Teams.

The AFJROTC Instructors

-/-

I request my cadet's school schedule be changed so that they are in 6^{th} – 7^{th} (***circle one***) Period Drill & Leadership. Thank you.

Cadet Name	Date	Parent/Guardian Signature

* Please return this entire letter to your cadet's counselor.
